

## Directions

Come off the motorway having followed relevant signs for Leeds City Centre.

Continue into Leeds following signs for the Hilton Hotel or Leeds train station.

Drive under the railway bridge, keeping in the left hand lane.

Keep in lane until the traffic lights. Then turn left.

This is the point anyone arriving from the train station should begin following the directions

Move into the right hand lane so you follow the road in between Majestyk's nightclub and the Post Office, following signs for "All loop traffic" and General Infirmary.

At the next set of lights, follow the traffic around to the right.

Keep going straight through each junction, heading towards the Hospital, driving between City Hall and the Library.

Continue driving straight as Millennium Square and the town hall go past on your right hand side.

Continue past the Hospital, keeping in the left hand lane as you go through two sets of lights. At the mini roundabout head straight across. The Worsley Building is 500 metres along the road on the left hand side.
